

WELCOME

Timeless is the most authentic, high-performing and stylish timber-alternative window and door range currently available in the UK. Designed in Britain and with an understanding of the importance of the heritage requirements of traditional British homes, but without compromising on modern security and thermal efficiency standards.

As the name suggests, the Timeless Range will enhance any property, from the oldest character cottage to an architectural new build design. Part of the appeal is the choice of styles, allowing you to select classic looks or contemporary styling to enhance the appearance of a country cottage, traditional townhouse, or provide an upmarket finish to a modern extension or new build property.

Innovative technology gives the Timeless Range the edge over most other uPVC windows. The traditional flush sash styling, combined with an authentic timber effect finish and a stunning range of colours culminate in a range of windows fit to compliment any British home. With thermal performance far exceeding that of timber windows, you will enjoy the look and feel of a classic traditional product whilst enjoying the benefits of modern insulating, structural, and security technology.

We hope this brochure gives you plenty of inspiration for your next home improvement project and if you would like any more information please don't hesitate to give your Registered Timeless Installer a call.

THE NEWLY UNVEILED TIMELESS FLUSH SASH WINDOW IS REMINISCENT OF EARLY 19TH CENTURY TIMBER WINDOWS AND IS IDEAL FOR HERITAGE HOMES, PARTICULARLY IN CONSERVATION AREAS WHERE AUTHENTIC LOOKS ARE ALL-IMPORTANT.

ENERGY EFFICIENT

With the Timeless Flush Sash you will no longer need to worry about the draughts and damp that are traditionally associated with period properties.

Perfect for heritage applications, your home could be a warm and quiet haven if you choose to replace your old weather-worn windows with the elegant, energy-efficient Timeless Flush Sash.

The five-chamber uPVC frames of the Timeless Flush Sash, with double or triple glazing, will ensure your home is extremely weatherproof and draughtproof, providing an outstanding thermal barrier against driving winds and rain, even in the most exposed locations.

SUPERB ENERGY RATINGS

Super Efficient
Compared with aluminium or wood, uPVC windows are low maintenance, have better insulation values and are able to reduce energy and heating costs.

Superior Acoustic Performance
Glazing options to maximise energy efficiency and/or acoustic performance.

Safe and Secure
For total peace of mind, our Timeless Flush Sash comes with multi-point locking as standard.

Timeless Flush Sash delivers energy efficient A rated frames

Indicative U value achieved using a 28mm double glazed unit delivering high energy efficiency and big savings on energy bills

Timeless Flush Sash delivers outstanding weather resistance and performance

TIMELESS FEATURES AND BENEFITS

However traditional this window may look, it offers deceptively modern performance. Your home will be a haven of warmth and quiet, thanks to the thermal and acoustic insulation of the Timeless Flush Sash. It has a five-chamber internal construction for increased energy efficiency.

CHOOSE CLASSIC WELD OR OUR TRADITIONAL TIMELESS DETAIL

Unlike other flush systems, the Timeless Flush Sash is available in two jointing options, Classic Mitre Welded joints and **Timeless Detail**, our Traditional Butt Joints. Classic Mitre Welds give a contemporary and modern twist to this heritage style. The corners are precision welded so that the join is seamless. The Timeless Detail Butt Joint is a traditional style butt joint that is sealed in place, replicating a timber joint with meticulous detail.

PREMIUM FLUSH SASH TIMBER ALTERNATIVE

The Timeless Flush Sash system is crafted from modern, weatherproof uPVC, which - unlike traditional timber windows - will never need sanding or repainting and will never rot, split or swell. These low-maintenance windows will keep your home looking its best for years to come, with no more work than an occasional wipe with a damp cloth.

TIMELESS

The Timeless Flush Sash is the latest innovation to come from one of the UK's leading uPVC systems suppliers.

Unlike chamfered and sculptured styles which are designed to add contour and detail to your windows, the Timeless Flush Sash sits flush within the frame and offers traditional, understated elegance.

Timeless Flush Sash can be specified in bespoke sizes to suit the windows of your home, whether it's a tall townhouse or a quaint and cosy cottage.

TIMELESS FRENCH WINDOWS

Our stunning French Windows allow you to bring the outside in.
A mullion is the centre post which sits between two sashes. Select either a Standard or Hidden Mullion.

Standard Mullion

- Traditional mullion option with mullion in centre between 2 sashes
- Mullion is attached to one sash and opens out with the sash
- Mullion visible from the outside when windows are closed

Hidden Mullion

- No mullion is visible when the windows are closed
- Both sashes are equal sizes when opened out for perfect symmetry
- Sleek and slimline allowing more light into your house

A TIMELESS IMPROVEMENT FOR A TRADITIONAL VILLAGE PUB

With nothing more iconic and reminiscent of traditional village life than the archetypal village pub, we think that the Timeless Range has both improved and updated this local pub, without losing any of its inherent charm. The characteristics of a traditional window complimented the 200 year old stone built pub, whilst providing a functional and secure system that modern life requires.

Benefiting from all year round appeal as befitting any property, the customers visiting the pub remain cosy in winter, whilst also enjoying a breeze on a summers day, when the floating mullion feature allows the windows to be fully opened with no mullion in the middle obscuring the view.

Style really does meet function when it comes to the handle choice. Monkey tail handles provide an authentic antique look, but with inbuilt modern functionality and locking mechanisms, they maintain security in a way that older versions of these handles did not.

SAFETY AND SECURITY

Your windows shouldn't just look the part, they should provide the highest standards of security to keep your family, home and belongings safe. With the Timeless Flush Sash, you don't have to choose between style and security.

Every window offers multipoint locking and features industry-leading hardware in the form of stylish key-locking handles. The multi-chamber construction of the window frames ensures impressive structural strength.

Thanks to the system's clever design, it seamlessly combines timeless elegance with a range of robust security features.

Timeless windows have Secure by Design accreditation; a police approved initiative aimed at improving the standards in home security. It also meets or exceeds all British Standards and holds relevant accreditations for all aspects of security and weatherproofing.

CHOOSE CLASSIC BLACK AND WHITE COLLECTION

The classic black and white colour combination compliments 1930s architecture and characterful cottages as well as being a popular choice in traditional townhouses and apartments. The iconic black outer frame and flush white inner sash provides authentic styling to update traditional properties, whilst the white internal styling compliments most interior colour schemes.

TIMELESS COLOUR COLLECTION

This collection offers a diverse choice of heritage colours designed to enhance a range of architectural styles.

TIMELESS HARDWARE

You can personalise your beautifully-designed Timeless Flush Sash windows with a choice of Timeless details. Choose our decorative monkey tail or pear drop handles with ornamental peg stays to give the feel of a genuine traditional timber window.

These optional finishing features will give your home’s interior as much historic style and authenticity as its exterior.

Speak to a member of our friendly team to discuss the many options available for your home. This stunning range combines traditional styling with contemporary functionality.

PEAR DROP HANDLE

Unique cranked design provides good clearance between the handle and the window.

A unique, traditionally designed teardrop handle that fits perfectly with the Timeless Window and Door Collection. The Pear drop handle grip has been ergonomically designed to fit perfectly in the palm of your hand.

Matching traditional peg stays are available to create a perfectly matching Timeless window. Available in matching colours as above.

MONKEY TAIL HANDLE

Elegant design inspired by 19th century ironmongery.

Manufactured from die-cast zinc with a specially formulated finish, it is suitable for all our Timeless styles, most rooms and most interior schemes, you just need to choose the best colour option for you.

Matching traditional peg stays are available to create a perfectly matching Timeless window. Available in matching colours as above.

TIMELESS WINDOW STYLE OPTIONS

Leaded and Georgian

The design of your Timeless windows and doors have a big impact on the overall appearance of your home.

Whatever the age of your property, the original windows and doors were designed to harmonise with it. So it's important to consider what will look right for the building when you replace them. The right design and look can preserve or enhance the value of your home.

Sightlines

Good window design extends to the symmetry of window sightlines. Equal sightlines add balance and harmony - creating the perfect stylish finish.

Equal Sightlines

Unequal Sightlines

TIMELESS ENTRANCE DOORS

We can now supply a Timeless Entrance Door to match your Timeless windows.

Available in all the same heritage colours as the Timeless Flush Sash windows, you can have a door that matches your windows without the extra lead times.

A Timeless door has mechanically jointed transoms, mullions and midrails all set inside a welded sash and welded outer frame.

How Timeless Registered Installers Work

The Timeless Window and Door Collection is only available through our Registered Installers. Your Registered Installer will arrange a site survey at a mutually convenient time.

Not only does this allow the installer to take precise measurements, but it gives you a chance to make the final choice on colours, ironmongery and other options, ensuring that your windows are made to your exact specification.

Please take the time to ask any questions at this point, and make sure you're happy with the final design before it's sent to the factory for manufacture!

Processing your order

Your Timeless Registered Installer will keep in touch with you and let you know as soon as possible when your installation date will be. Between survey and installation, you can sit back and relax whilst your bespoke windows are made to your exact specifications.

Taking care of your home

Our Registered Installers are expert craftsmen who will take care of your home and treat it with respect at all times. Removing existing windows and doors and replacing them with stunning new ones will inevitably cause a certain amount of disruption – but our installer will always make sure any mess is kept to a minimum.

All products will be fitted with the utmost skill and care and finished using sealants and trims to achieve the best possible finish. Packaging and waste will be removed and recycled where possible, leaving you to enjoy your stunning new windows, safe in the knowledge they're protected with a Manufacturers Guarantee.
